

CRITICAL INFORMATION SUMMARY:

Business Naked DSL

Information About The Service

Naked DSL allows you to experience the benefits of ADSL2+ speeds on our own network, without the cost of line rental.

With every Business Naked DSL plan we also include iiTalk at no additional cost. iiTalk is our VoIP service which includes all your local and national calls. You can even port your existing landline number across to iiTalk, and avoid the hassle of having to change numbers.

Required Services & Availability

You will require an ADSL modem to connect your service. If you don't already have one, Westnet can sell or rent you a suitable device at additional cost. To make use of iiTalk, your modem will need to be VoIP-enabled.

Service availability can be checked using our online coverage calculator: www.westnet.com.au/internet

Minimum Term

Naked DSL plans are available on either a no fixed term agreement, or can be taken on a 24 month to receive discounted setup and hardware.

Included Features

There are a range of value-added features included with Naked DSL, with further detail on the website;

Local & National calls covered with iiTalk	Priority Support	20 email addresses	Email Protection	Static IP
