Information About Pricing

Minimum Monthly Charge

There are currently three Westnet Mobile plans, as shown in the following table:

Plan Name	Monthly Included Standard Calls & Text	Monthly Included Standard Calls	Monthly Included Standard Text	Monthly Included Calls to Westnet Mobiles	Monthly Included Data	Minimum Monthly Charge	Total Minimum Price**
15 Plan	\$200	-	-	-	200 MB (400 MB if bundled)	\$15.00	\$35.00

45 Plan	All Included	-	-	All Included	2 GB (4 GB if bundled)	\$45.00	\$65.00

** Total Minimum Price includes \$20 SIM charge (including delivery), plus one month of Westnet Mobile Voice plan rental.

Maximum Monthly Charge

If you use more than the monthly inclusion of calls, texts or data – and/or you use other services that are not part of the monthly inclusion – then you will incur charges above the minimum monthly charge.

- Westnet Mobile features a number of spend management tools, including usage notifications and sub-limits for various transaction types.
- Westnet reserves the right to restrict services once monthly billings are greater than \$200.

Please be aware that billing information is not received instantly by Westnet, and in some cases can be delayed by several days after the usage charge has been incurred. This means that spend limits can hence be out of date by the time they are applied. You are still responsible for all charges incurred due to usage beyond the spend limit.

Setup Fee

A Westnet Mobile SIM is required in order to use the service.

- A \$20 charge applies for a Westnet Mobile SIM (either standard, Micro, or Nano Sim); this includes delivery anywhere in Australia.
- You can either port an existing Australian mobile phone number to your Westnet Mobile service; or we can allocate you a new number.

Mobile Handsets

You will need to have or sign up for a SIM plan in order to purchase a mobile handset from us. You can purchase a mobile handset from us by paying for it outright or in instalments. If you pay for your handset in instalments, your SIM plan must remain active for the duration of the repayment term. If you cancel your SIM plan during the repayment term, we will charge you the remaining outstanding instalments in full on your next invoice

Early Termination Charge

The Westnet Mobile service has no early cancellation charges. Your only commitment is the 'one month rolling contract' that is inherent in paying one month's rental in advance on the service.

Standardised Cost Information

The following table indicates the rate at which your monthly included value will be consumed and the cost of additional usage outside of the monthly included value:

2 Minute Standard National Mobile Call	A standard national mobile call incurs a flagfall of \$0.35 and a per minute rate of \$0.90. Hence a 2 minute national mobile call will cost \$2.15.
Standard National Mobile	SMS A standard national mobile SMS will cost \$0.25.
One Megabyte of Data within Australia	Using one Megabyte of data within Australia will cost \$0.075 on the \$15 plan; \$0.03 on the \$30 plan; \$0.0225 on the \$45 plan. Any excess data usage above your monthly allowance will be charged at \$0.05 per MB

If you restricted your use solely to Standard National Mobile Calls each of 2 minutes in duration, you could make the following number of calls per month within the monthly included value of your plan:

Plan Name	Number of standard national mobile calls each of 2 minutes duration
15 Plan	93
30 Plan	232
45 Plan	All Inclusive
