

CRITICAL INFORMATION SUMMARY:

Fibre Phone on NBN

Information About The Service

Fibre Phone on the NBN combines the best features of traditional landline phone services – such as the ability to use a traditional handset - with the cost-effective call charges of Voice over IP.

Requirements & Availability

This service is available only when bundled with an Westnet NBN Fibre Broadband service –full details on the NBN Fibre Broadband service are available at www.westnet.com.au/about/legal/cis/nbnfibre.pdf

A standard telephone handset (approved for use in Australia) is required to use Westnet Fibre Phone, the telephone handset is not provided by Westnet.

Standard installation of the NBN Co equipment is included. This includes the installation of NBN Co's internal network terminating equipment. Any cabling required in your premises beyond the network boundary point is your cost and responsibility.

Westnet NBN Fibre Phone availability can be checked by contacting Westnet on 13 19 60.

Minimum Term

Your Westnet NBN Fibre Phone service is a month to month contract with no fixed term. However this service is only available when bundled with an Westnet NBN Fibre Broadband service.

Other Information

Usage Information

Customers can obtain information on their Residential Fibre Phone service by logging in at <https://myaccount2.westnet.com.au/>

Fibre Phone and Power Outages

The Fibre Phone service will be delivered via the NBN and will be battery backed-up by the NBN Co supplied Power Supply Unit (PSU and battery). This allows you to use your telephone service to make and receive calls during a power outage.

The NBN Co supplied first battery will only provide back-up power to the Fibre Phone service for up to 8 hours supporting a single Fibre Phone service.

Incompatible Equipment

Please be aware that any existing services operating on your phone line may not work, such as back-to-base alarms, personal response systems, or fax machines. Please check with your device manufacturer or provider to see if the device is NBN compatible.
