Information About The Service

The NBN Fixed Wireless Service is a broadband internet service which uses the NBN Fixed Wireless Customer Access Network to deliver internet connectivity at the Network Boundary Point at your premises.

With every NBN Fixed Wireless plan we also include Netphone at no additional cost. Netphone is our Voice over IP (VoIP) service which includes your local and standard national calls. Typically you can transfer your existing landline number to Netphone. Further information on Netphone is available at:
