

Critical Information Summary:

NBN Wireless

About the Service

The NBN Wireless service is a broadband internet service which uses the NBN Fixed Wireless Network to deliver internet connectivity to the Network Boundary Point at your premises.

With every NBN plan we offer our NBN Phone service at no additional cost, with great call rates and call inclusions depending on your plan of choice. See full list of NBN Phone call rates at: www.westnet.com.au/nbnwireless

Included Features

There are a range of value-added features included with NBN plans, with further details here:

www.westnet.com.au/nbnwireless

- NBN Phone offered
- Unlimited data on selected plans
- No excess quota usage charges
- 24/7 customer service

Minimum Term

Choose from:

- No lock-in contract with \$0 activation fee, or
- 6 month contract with \$0 activation fee (new customers only).

Early Cancellation Fees

- No lock-in contract – none. You can cancel at any time.
- 6 month contract – if you cancel before the period ends, you will need to pay a \$40 break fee.
- Cancelling the NBN service will also cancel any other Westnet products that are only available with NBN Wireless. Should those products have their own contract, you are liable for their associated break fees.

Hardware Non-Return Fees

- If you withdraw an order from us (before your service is activated) and receive the modem we supplied to you, you will need to pay for the modem unless it is returned to us in good working order within 21 days of withdrawing your order.
- If you cancel your service after it has been activated, any applicable modem payment fees will apply in accordance with the terms and conditions of your chosen service.

Fetch Fees

- If you have selected a Fetch add-on with this plan and would like to withdraw your order from us or remove your Fetch subscription only your Fetch setup fees will be credited back to your account, provided that:
 - a) your service has not yet been activated; and
 - b) the Fetch Set Top box supplied to you is returned to us in good working order within 21 days of withdrawing your order or removing your Fetch subscription.
- If you cancel your Fetch subscription after your Fetch service has been activated, any applicable Fetch payment fees are non-refundable.

Availability

- This service is available in areas serviced by the NBN (Fixed Wireless). Use our coverage checker www.westnet.com.au/internet-products/broadband/nbn/coverage to check NBN availability at your address.
- Non-standard installations may incur additional fees. An nbn™ \$300 New Development Charge applies if your premises is identified by nbn™ as being within the site boundary of a new development.

Required Equipment

- An NBN compatible modem that is WiFi enabled to connect with wireless devices. For more information, see myhelp.westnet.com.au/node/1699#hardwarelookup
- To be provided a working NBN Phone service you need a standard phone handset (approved for use in Australia) and you must purchase a Westnet modem. If you are an existing customer you may be able to use your existing modem – we will advise you if your modem is compatible during selection of your NBN Wireless plan.
 - A Westnet modem costs \$99.95 on a no lock-in contract (discounted to \$59.95 if you take a 6 month contract or if you are an existing customer) plus \$10 delivery fee.
- Any cabling that is required in your premises beyond the Network Boundary Point is your responsibility. Standard installations are completed without charge to you. Non-standard, additional or subsequent installations may require you to pay additional charges.

NBN Speeds

- All NBN Wireless plans have a Basic Typical Evening Speed, measured between 7pm and 11pm. NBN12 & NBN25 indicate the underlying speed tier that your NBN plan is on and represents the maximum possible speed that is available outside the busy period of 7pm-11pm.
- Actual speeds may vary due to many factors including type/source of content being downloaded, hardware and software configuration, the number of users simultaneously using the network and performance of interconnecting infrastructure not operated by iiNet. Devices connected by WiFi may experience slower speeds than those connected by Ethernet cable. Learn more about NBN speeds here myhelp.westnet.com.au/node/1697

Excess Usage

- Both uploads and downloads count towards your monthly included data. If you exceed your included data for the month, you are not charged for excess usage. Instead, traffic beyond the included data will be slowed (shaped) to 256/256kbps for NBN12 500. You may purchase additional data if required. For more information, see myhelp.westnet.com.au/node/1190
- Plans with Unlimited data are not shaped.
