

Critical Information Summary:

On-Net ADSL Broadband

Information About the Service

iiNet ADSL2+ is a residential service that delivers high-speed broadband nationwide via our own broadband network, the iiNetwork.

Requirements & Availability

ADSL2+ requires a basic telephone service in order to function. You can use a suitable telephone service from another provider, or you can use the iiNet Home Phone service and bundle it with our ADSL2+ plans for no additional monthly charge. The Critical Information Summary for Home Phone can be found at www.iinet.net.au/about/legal/cis/cis-homephone.pdf

You will require an ADSL modem to connect your service. If you don't already have one, you can purchase a modem from iiNet for \$59.95 (\$10 delivery fee applies).

ADSL2+ service availability can be checked using our online coverage calculator: www.iinet.net.au/internet

To ensure you're always connected to the best product available, we may need to change your service, for example, when an upgraded service (like our NBN Fibre service) becomes available. If this happens, we'll inform you ahead of any changes.

Minimum Term

ADSL2+ plans are available on a no lock-in contract.

Included Features

There are a range of value-added features included, with further detail on the website:

Liimitless Data (on selected plans)	1GB webspace & 10 email addresses	Email Protection
	No excess quota usage charges	24/7 Customer Service

Information About Pricing

Monthly Charges

All ADSL2+ plans come with both Broadband and Home Phone line rental included in the monthly charges. All plans are available standalone, or bundled with the iiNet Home Phone service for the same monthly charge

Information is current as of 06/09/2019, is subject to change without notice and all prices quotes include GST

- The Total Minimum Price on a monthly contract is one month of plan rental.
- If you cancel your ADSL2+ plan but not the Home Phone service, the monthly charge for the Home Phone line rental will be \$49.95 per month for Home Phone that was bundled with the ADSL2+ Liimitless incl LNM Calls plan, or \$29.95 per month for Home Phone with all other ADSL2+ plans.

Excess Usage

Both uploads and downloads count towards your monthly included data. There are no automatic excess usage charges on ADSL2+. Instead, traffic beyond the included data will be slowed to 256kbps/256kbps on the ADSL2+ 500 plan. Liimitless plans are not shaped.

- You may purchase a Data Pack at an additional cost for a data top-up, if required.
- Information on Data Pack pricing is available at www.iinet.net.au/internet-products/broadband/adsl

Set-up Fee

- This on-net ADSL2+ service does not have a set-up fee.

Service	Details	Charge (no lock-in contract)
On-net ADSL2+	Activation Fee	\$0

- Any cabling that is required in your premises beyond the network boundary point is your cost and responsibility.

Cancellation Fees

- There are no cancellation fees on no lock-in contracts.
- Cancelling your Broadband service will also cancel any other iiNet products you've purchased that are only available when bundled with Broadband. Should those products have their own contract, you are liable for their associated break fees.
