

## Critical Information Summary:

### IINET HOME WIRELESS BROADBAND Liimitless PLAN

#### Information About The Service

##### Service Description

The iiNet Home Wireless Broadband **Liimitless Plan** is a prepaid wireless service. The underlying network is the Vodafone mobile digital network (3G/4G). The service includes Unlimited Data for use within Australia.

Recurring charges are payable monthly in advance. Payment options are Direct Debit or Credit Card.

##### Speed

Home Wireless Broadband speeds are up to 20Mbps download and 2Mbps upload. It is recommended for browsing, emails, social media, streaming music, SD and HD video. It is not suitable for 4K streaming and may not be suitable for online gaming. See our Speed Guide at [www.help.iinet.net.au/factors-affecting-home-wireless-broadband-speed](http://www.help.iinet.net.au/factors-affecting-home-wireless-broadband-speed) for more information.

##### Phone Service

Home Wireless Broadband is a data-only broadband service. It does not include a standard phone service. Your phone service with your current provider will most likely stop working when you switch to Home Wireless.

If you have an existing phone service with us, you will not be able to move your phone service over to Home Wireless.

##### Minimum Term

iiNet Home Wireless Broadband Services are supplied on a rolling month to month basis. Customers are permitted to terminate the acquisition of the Service at any time, but any unused balance will not be refunded to you but will be retained by iiNet Limited.

##### Bundling Arrangements & Mandatory Goods

Supply of the Service does not require bundling with any other iiNet plan.

##### Required Equipment

It is a requirement of iiNet Home Wireless Broadband Services that customers must use the included 3G/4G compatible modem to be able to use this service. If you cancel your plan within 24 months of connecting, you will need to return the modem to us. If you do not return the modem within 21 days of providing notice to cancel your Home Wireless Broadband service, then you will be charged a modem non-return fee. This modem non-return fee covers the pro-rated cost of the iiNet Home Wireless Broadband Modem. The non-return fee is calculated as \$8 multiplied by months remaining in the first 24 months e.g. if you leave after 18 months you would pay \$8 x 6 (the number of remaining months), a total of \$48.

The SIM supplied with the modem will not work in any other device and must not be removed from the modem.

##### Pricing for Existing Customers

Only customers with an existing iiNet Broadband service are eligible for the existing customer pricing in the Information About Pricing table below.

##### Excess Data

The **iiNet Home Wireless Broadband Liimitless Plan** comes with unlimited data so no excess data charges will apply.

#### Information About Pricing

Plan	Home Wireless Broadband Liimitless Plan
Monthly Charge (existing iiNet broadband customers)	\$49.99
Monthly Charge (new customers and iiNet customers without a broadband service)	\$59.99
Included Data	Unlimited
Upfront fee	\$0.00
Speed (Downloads/Uploads)	Up to 20Mbps/2Mbps

## Information About The Service (cont.)

### Coverage

The Home Wireless Broadband Service is only available in selected areas on the Vodafone 4G Network with the modem supplied by iiNet. There may also be technical or commercial reasons that affect your ability to access the service at your address. Coverage availability will vary depending on your device and location. A service qualification and coverage check based on your address will be conducted before your order is accepted. The service qualification (SQ) check is an indication that your chosen location is within a 4G Home Wireless Broadband serviceable area, it does not guarantee that your address is 4G serviceable. We recommend that you position your modem close to a window to maximise signal strength. The Home Wireless Broadband service uses the Vodafone 4G Network and is only for use in the single nominated address. The service will be disconnected if we identify that you have moved to another location. If you wish to move the service address you will need to contact us to check service and network availability at the new location and notify us if you wish to set up your service at your new location.

### Usage Information

You can monitor your iiNet Home Wireless Broadband data usage by logging into Toolbox online at [toolbox.iinet.net.au](http://toolbox.iinet.net.au).

## Other Information

### Broadband Education Package

You can view the Communications Alliance Broadband Education Package which is a guide to help consumers better understand broadband technologies here:
