

CRITICAL INFORMATION SUMMARY:

## Naked DSL

### Information About The Service

Naked DSL allows you to experience the benefits of ADSL2+ speeds on the iiNetwork, without the cost of line rental.

With every Naked DSL plan we also include iiTalk at no additional cost. iiTalk is our VoIP service which includes all your local and national calls. You can even port your existing landline number across to iiTalk, and avoid the hassle of having to change numbers.

#### Requirements & Availability

You will require an ADSL modem to connect your service. If you don't already have one, iiNet can sell or rent you a suitable device at additional cost. To make use of your iiTalk service, you'll require a VoIP-enabled modem.

Service availability can be checked using our online coverage calculator: [www.iinet.net.au/internet](http://www.iinet.net.au/internet)
