

Critical Information Summary:

NBN

Information About The Service

The NBN service is a broadband internet service which uses the NBN Fibre (FTTP, FTTB, FTTN or HFC) Network to deliver internet connectivity to the Network Boundary Point at your premises.

With every NBN plan we offer our NBN Phone service at no additional cost, offering great call rates and call inclusions depending on your plan of choice. The Critical Information Summary for NBN Phone can be found at: www.iinet.net.au/about/legal/cis/cis-nbn-phone.pdf

Required Services & Availability

The NBN service is only available within an NBN (FTTP, FTTB, FTTN or HFC) ready service area. NBN availability can be checked using our coverage checker at www.iinet.net.au/internet/broadband/nbn/coverage/

You will require an NBN ready modem, with support for all types of NBN services. Your modem will need to be WiFi or VoIP enabled if you want to connect wireless devices or make use of your included NBN Phone service (some FTTP services supply an NBN Phone service that does not require a VoIP enabled modem). Some NBN applications (including all NBN HFC) require you to purchase an iiNet modem (which is WiFi and VoIP enabled).

You will also need a standard phone handset (approved for use in Australia) to use your included NBN Phone service.

Minimum Term

NBN plans are available on either a no lock-in contract, or on a 24 month contract. A 24 month offers an included WiFi modem, as well as \$0 activation (\$79.95 on a no lock-in contract).

Included Features

There are a range of value-added features included with NBN plans, with further detail at www.iinet.net.au/nbn

Limitless Data (on selected plans)	NBN Phone offered 24/7 Customer service	Contract flexibility No Excess quota usage charges

NBN Liimitless MAX Incl LN Calls	Liimitless	Includes calls to local & standard national	\$109.99	\$288.94	\$2,649.76
NBN Liimitless MAX Incl LNM Calls	Liimitless	Includes calls to local, standard national & Australian mobiles	\$119.99	\$298.94	\$2,889.76

- NBN Speeds:** FTTN & FTTB speeds to be confirmed when active. Actual speeds may vary due to many factors including type/source of content being downloaded, hardware and software configuration, the number of users simultaneously using the network and performance of interconnecting infrastructure not operated by iiNet. Devices connected by WiFi may experience slower speeds than those connected by Ethernet cable. Learn more about NBN speeds at iihelp.iinet.net.au/support/node/17104/ Basic, Turbo and MAX indicate the underlying NBN wholesale connection speed tier and translate to the typical speeds below.

Speed Tier	Typical Evening Speeds (7pm – 11pm)	
	Download speeds	Upload speeds
Basic (nbn12)	11Mbps	1Mbps
Turbo (nbn50)	42.8Mbps	Between 1Mbps & 20Mbps

Further information: www.iinet.net.au/nbn

Information is current as of 06/02/2018, is subject to change without notice and all prices quoted include GST

MAX (nbn100)	70.8Mbps	Between 1Mbps & 40Mbps
--------------	----------	------------------------

- Cost of 1GB of data included in NBN 500 Basic is \$0.12/GB.
- Total Minimum Charge on a 24 month contract is 24 months of plan rental plus \$10 modem delivery fee.
- Total Minimum Charge on no lock-in contract is the activation fee (\$79.95), \$89 for modem, \$10 modem delivery fee plus one month of plan rental. Some NBN FTTP, FTTB and FTTN applications do not require you to purchase a modem and incur modem delivery fee.
- Additional once off \$300 nbn™ New Development charge applies if your premises is identified by nbn™ as being within the site boundary of a new development.
- Full list of NBN Phone call rates is available at www.iinet.net.au/nbn-phone

Setup Fee

The below activation fee is applicable when signing up to an NBN plan.

Service	Details	Charge (no lock-in contract)	Charge (24 month contract)
NBN (FTTP, FTTB, FTTN and HFC)	Activation Fee	\$79.95	\$0

Any cabling that is required in your premises beyond the Network Boundary Point is your responsibility. Standard installations are completed without charge to you. Non-standard, additional or subsequent installations may require you to pay additional charges.

Excess usage

Both uploads and downloads count towards your monthly included data. There are no excess usage charges on NBN – instead, traffic beyond the included data will be slowed (shaped) to 256/256kbps for NBN 500 Basic. Limitless plans are not shaped. You may purchase additional data if required. For more information, see iihelp.iinet.net.au/support/data_packs_FAQ

Cancellation Fees

- Applies to 24 month contract term only - the maximum applicable break fee is \$300 within the first 6 months. The below NBN break fees apply thereafter. These fees cover the costs reasonably incurred by iiNet when the contract commenced.
- Cancelling your NBN service will also cancel any other iiNet products you've purchased that are only available when bundled with NBN. Should those products have their own contract, you are liable for their associated break fees.

Contract Break Fees	Tenure			
	0 – 6 months	7 – 12 months	13 – 18 months	19 – 24 months
24 month contract	\$300	\$225	\$150	\$100

Other Information

Usage Information

Customers can obtain information on their NBN usage at <https://toolbox.iinet.net.au>

NBN Access Technologies

Our NBN service can be delivered over the NBN Network to your premises via Fibre to the Premises (FTTP) as Ethernet, Hybrid Fibre-Coaxial (HFC) as Ethernet, Fibre to the Basement (FTTB) as VDSL2 or Fibre to the Node (FTTN) as VDSL2.

More information on NBN access technologies is available at www.iinet.net.au/internet/broadband/nbn/about/

Battery Backup and Power Outages

Your NBN service does not include a battery backup. This means your household will be unable to access any internet and telephony services provided by nbn™ during a power outage. This includes making calls to emergency service numbers like 000. Please ensure you have alternate ways of making calls, such as a mobile phone.

Customer Service Contact Details

You can contact iiNet customer service for Support & Billing assistance via **13 22 58** or emailing support@iinet.net.au, or for Sales assistance via **13 19 17** or emailing sales@iinet.net.au or via appropriate contact form to the appropriate area at www.iinet.net.au/contact

Dispute Resolution Process

If you are dissatisfied with the outcome of your customer service request and wish to take the matter further, please follow the escalation process outlined at https://iihelp.iinet.net.au/Complaints_escalation_process

Telecommunications Industry Ombudsman

If you are dissatisfied with the outcome of your complaint after following the above process, you may contact the TIO (Telecommunications Industry Ombudsman) for independent mediation. The TIO can be contacted by calling **1800 062 058** or visiting the TIO website at www.tio.com.au/making-a-complaint
