

# Critical Information Summary:

## NBN Wireless

### Information About The Service

The NBN Wireless service is a broadband internet service which uses the NBN Fixed Wireless Network to deliver internet connectivity to the Network Boundary Point at your premises.

With every NBN Wireless plan we offer our NBN Phone service at no additional cost, with great call rates and call inclusions depending on your plan of choice. The Critical Information Summary for NBN Phone can be found at: [www.iinet.net.au/about/legal/cis/cis-nbn-phone.pdf](http://www.iinet.net.au/about/legal/cis/cis-nbn-phone.pdf)

### Required Services & Availability

The NBN Wireless service is only available within an NBN Fixed Wireless service area. NBN Wireless availability can be checked using our online coverage calculator: [www.iinet.net.au/internet/broadband/nbn/coverage/](http://www.iinet.net.au/internet/broadband/nbn/coverage/).

You need to purchase an iiNet modem to use the included NBN Phone service. The modem costs \$99.95 on a no lock-in contract (discounted to \$59.95 if you take a 6 month contract or if you are an existing customer) plus \$10 delivery fee. The iiNet modem is WiFi enabled for connecting wireless devices. If you choose to use your own modem, you will be able to use the NBN service but the NBN Phone service will not work on a third party modem.

You will also need a standard phone handset (approved for use in Australia) to use your included NBN Phone service.

### Minimum Term

NBN plans are available on a no lock-in contract. A 6 month contract is also available to new customers.

### Included Features

There are a range of value-added features included, with further detail at [www.iinet.net.au/nbnwireless](http://www.iinet.net.au/nbnwireless)

- NBN Speeds:** All NBN Wireless plans have a Basic Typical Evening Speed, measured between 7pm and 11pm. NBN12 & NBN25 indicate the underlying speed tier that your NBN plan is on and represents the maximum possible speed that is available outside the busy period of 7pm-11pm. Actual speeds may vary due to many factors including type/source of content being downloaded, hardware and software configuration, the number

of users simultaneously using the network and performance of interconnecting infrastructure not operated by iiNet. Devices connected by WiFi may experience slower speeds than those connected by Ethernet cable. You can learn more about NBN speeds here: <https://iihelp.iinet.net.au/support/node/17104/>.

- Total Minimum Charge on a 6 month contract is 6 months of plan rental, \$59.95 for modem plus \$10 modem delivery fee.
- Total Minimum Charge on a no lock-in contract is one month of plan rental, \$99.95 for modem plus \$10 modem delivery fee. The modem is discounted to \$59.95 for existing iiNet customers.
- Additional once off \$300 nbn™ New Development charge applies if your premises is identified by nbn™ as being within the site boundary of a new development.
- Full list of NBN Phone call rates can be found here: [www.iinet.net.au/nbnwireless](http://www.iinet.net.au/nbnwireless)

#### Set-up Fee

- This NBN Wireless service does not have a set-up fee.

Service	Details	Charge (no lock-in contract)	Charge (6 month contract)
NBN Wireless	Activation Fee	\$0	\$0

- Any cabling that is required in your premises beyond the Network Boundary Point is your responsibility. Standard installations are completed without charge to you. Non-standard, additional or subsequent installations may require you to pay additional charges.

#### Excess usage

Both uploads and downloads count towards your monthly included data. There are no automatic excess usage charges on NBN Wireless – instead, traffic beyond the included data will be slowed (shaped) to 256/256kbps for NBN12 500. Limitless plans are not shaped. You may purchase additional data if required. For more information, see here: [iihelp.iinet.net.au/support/node/8039/](https://iihelp.iinet.net.au/support/node/8039/).

#### Cancellation Fees

- If you sign up to a 6 month contract term but terminate the service before the period ends, you will need to pay \$40 break fee. These fees cover the costs reasonably incurred by iiNet when the contract commenced.
- Cancelling either your NBN Wireless or the phone service, or transferring your phone number away, will terminate both services. It will also cancel any other iiNet products you've purchased that are only available when bundled with NBN Wireless. Should those products have their own contract, you are liable for their associated break fees.
