

Critical Information Summary:

VDSL2 Broadband

Information About The Service

The VDSL2 service is a broadband internet services which uses our own VDSL network to deliver superfast broadband speeds within the ACT.

With every iiNet VDSL2 plan we also include Netphone (VoIP) at no additional cost, offering great rates and included calls. The Critical Information Summary for Netphone is available at www.iinet.net.au/about/legal/cis/cis-voip.pdf

Requirements & Availability

iiNet VDSL2 is only available within the ACT.

You will require a VDSL2-compatible router, which will need to be WiFi or VoIP enabled if you want to connect wireless devices or make use of your included Netphone service. If you don't already have one, you can purchase a modem from iiNet for \$59.95 (\$10 delivery fee applies).

Service availability can be checked using our online coverage calculator: www.iinet.net.au/internet

Minimum Term

VDSL2 plans are available on a no lock-in contract.

Excess Usage

All of our VDSL2 plans come with Limitless data. There are no excess usage charges.

Set-up Fee

- The below set-up fees are applicable when signing up to a VDSL2 plan. The exact connection type required is determined after the initial application is lodged, at which point we'll contact you if a full new installation is required, before we proceed with the order.

Connection Type	Details	Description	No Lock-in Contract
Standard Installation	Activation Fee	Covers both premises where an active connection is already in place, and those where no previous connection exists, and consists of an overhead cable from the pole to the house, and one or two outlets depending on services selected.	\$59.99

- Above setup fees cover all standard installation types only. Additional costs apply for non-standard connections, e.g. underground connection.

Cancellation Fees

- There are no cancellation fees on no lock-in contracts.
- Cancelling your Broadband service will also result in a cancellation of any other iiNet products you've purchased that are only available when bundled with an iiNet Broadband service. Should those products have their own contract, you will be liable for their associated break fees.
