

# Critical Information Summary:

## Business VDSL2 Broadband

### Information About The Service

The VDSL2 service is a broadband internet services which uses our own VDSL network to deliver superfast broadband speeds within the ACT.

With every iiNet VDSL2 plan we also include Netphone (VoIP) at no additional cost, offering great rates and included calls. The Critical Information Summary for Netphone is available at [www.iinet.net.au/about/lega/cis/cis-voip.pdf](http://www.iinet.net.au/about/lega/cis/cis-voip.pdf)

### Required Services & Availability

iiNet VDSL2 is only available within the ACT.

You will require a VDSL2-compatible router, which will need to be WiFi or VoIP enabled if you want to connect wireless devices or make use of the optional Netphone service available on VDSL2. If you don't already have one, iiNet can provide you with a suitable unit at no cost on a 24 month contract.

Service availability can be checked using our online coverage calculator: [www.iinet.net.au/internet](http://www.iinet.net.au/internet)

### Minimum Term

VDSL2 plans are available on either no lock-in contract, or on a 24 month agreement which offers discounted setup and an included WiFi modem.

### Included Features

There are a range of value-added features included with iiNet Business VDSL2, with further detail on the website;

|                               |  |               |
|-------------------------------|--|---------------|
| 1GB Webspace                  | 20 Emails Addresses & Email Protection | Anytime Quota |
| No Excess Quota Usage Charges | Priority Support                       | Static IP     |

### Information About Pricing

#### Monthly Charges

| Plan Name        | Download Speed*         | Monthly Included Data | Included Netphone Calls                       | Minimum & Maximum Monthly Charge | Total Min. Price (no contract) | Total Min. Price (24 mth contract) | Unit cost 1GB of data included in plan |
|------------------|-------------------------|-----------------------|---|----------------------------------|--------------------------------|------------------------------------|--|
| VDSL2 Business 1 | Between 50Mbps & 80Mbps | 1000GB                | Local & Standard National                     | \$89.99                          | \$249.98                       | \$2229.75                          | \$0.09                                 |
| VDSL2 Business 2 | Between 50Mbps & 80Mbps | 1000GB                | Local, Standard National & Australian Mobiles | \$99.99                          | \$259.98                       | \$2469.75                          | \$0.10                                 |

\*These are maximum VDSL2 access port download speeds. Upload speeds up to 40Mbps. Speeds could be slower and may vary due to various factors. For more information, visit [www.iinet.net.au/business/small/internet/vdsl2](http://www.iinet.net.au/business/small/internet/vdsl2)

- The Total Minimum Price with no contract is the standard in-place setup fee (\$159.99) plus one month of plan rental. A \$10 hardware delivery fee also applies if a modem is purchased.
- The Total Maximum Price on a 24 month contract is the discounted in-place setup fee (\$59.99) plus 24 months of plan rental, plus a \$10 included modem delivery fee (where applicable).

### Excess Usage

There are no automatic excess usage charges on Business VDSL2, instead traffic beyond the included data quota will be shaped to 20Mbps/20Mbps.

- You may purchase a Data Pack at an additional cost for a data quota top up, if required.
- Information on Data Pack pricing is available at <http://www.iinet.net.au/internet/broadband/adsl>

### Setup Fee

The below setup fees are applicable when signing up to a VDSL2 plan. The exact connection type required is determined after the initial application is lodged, at which point we'll contact you if a full new installation is required, before we proceed with the order.

| Connection Type       | Description  | No Lock-In Contract | 24 Month Contract |
|-----------------------|--|---------------------|-------------------|
| Standard Installation | Covers both premises where an active connection is already in place, and those where no previous connection exists, and consists of an overhead cable from the pole to the house, and one or two outlets depending on services selected. | \$159.99            | \$59.99           |

*Above setup fees cover all standard installation types only. Additional costs apply for non-standard connections, eg underground connection*

### Cancellation Fees

- If you sign up to a 24 month contract, the maximum applicable break fee is \$200 within the first 6 months. The following break fees apply thereafter. These fees cover the costs reasonably incurred by iiNet when the contract commenced.
- Cancelling your Broadband service will also result in a cancellation of any other iiNet products you've purchased that are only available when bundled with an iiNet Broadband service. Should those products have their own contract, you will be liable for their associated break fees.

| Contract Break Fees | Tenure       |               |                |                |
|---------------------|--------------|---------------|----------------|----------------|
|                     | 0 - 6 months | 7 – 12 months | 13 – 18 months | 19 – 24 months |
| 24 month contract   | \$200        | \$150         | \$100          | \$80           |

## Other Information

### Usage Information

Customers can obtain information on their Broadband usage at <https://toolbox.iinet.net.au>
