## Critical Information Summary:

## Business Phone

## Information About the Service

iiNet Business Phone is a traditional landline telephone service - it's simple, hassle-free, comes with competitive call rates, and great benefits when you bundle it with an iiNet Business Broadband plan.

## Requirements \& Availability

You will need a standard telephone handset (approved for use in Australia). This service is not sold standalone, and can only be bundled with Business Broadband services. When bundled with iiNet Business On-Net Value or Ultimate Broadband plans, this service is offered on the basis that you agree to waive the Customer Service Guarantee.

## Minimum Term

No minimum term applies for iiNet Business Phone services. You should note that an iiNet Business broadband service that is acquired with a Phone service may have a minimum term.

## Included Features

Along with great bundling benefits when you combine Broadband \& phone, all iiNet Phone services include a range of great features. More features are available at an additional cost, with more detail at iinet.net.au/phone/home/features.
