

CRITICAL INFORMATION SUMMARY:

SIP Trunking

Information About The Service

SIP Trunking is a business grade voice solution that allows you to do away with unused copper lines (and the line rental cost associated with them) by ensuring only the necessary amount of concurrent business calls can be made or received. Even better, all of your day-to-day business calls will be charged at wallet-friendly VoIP rates.

Required Services & Availability

As SIP Trunking is not sold standalone, you'll require an existing Westnet Business Bundle service. You'll also require hardware, such as a smart voice gateway (IP PBX). Our Business team can provide all of the detail around a hardware solution that's right for you.

Minimum Term

SIP Trunking services are available on either a no fixed term, or on a 24 month agreement, which comes with a discounted setup fee of \$149 per Trunk (saving you \$180).

Included Features

There are a range of great features included with Westnet SIP Trunking, with further detail on the website;

Great VoIP call rates	No flagfall charges	No forced batch upgrades	All internal extension dialing included
100 included local calls (per line, per month)	Purchase lines in single increments	All Westnet to Westnet SIP calls included	Low line rental rates

Information About Pricing

Monthly Charges

Monthly SIP Trunking charges depend on both the volume of lines and numbers that you require. Line charges are billed monthly, while number charges are annual.

Lines	Minimum Monthly Charge
1st to 10th*	\$22 per line
11th – 20th	\$18 per line
21st and more	\$15 per line

* Minimum of 4 required.

Numbers	Minimum Annual Charge
Per number	\$3.95 per year

Call Charges

Call Type	Call Charge
Calls to Westnet SIP numbers	Included
Local calls	10c per call (first 100 included)
National calls	10c per min
International calls	from 5c per min
Calls to Mobile	20c per min (charged in 30 second block)

- International rates can be found at www.westnet.com.au/phone/netphone-voip/international/
