Wholesale Staff Redeployment impact service in Melbourne and Greater Melbourne, Central, South West, Wimmera and Mallee Districts of Victoria

iiNet Group reference ID: 2460689

As previously notified on 1 May 2013, the iiNet Group (iiNet Ltd, Westnet Pty Ltd, Internode Pty Ltd, AAPT Consumer Division and TransACT Capital Communications Pty Ltd) is currently working to manage the impact to its network that has occurred as a result of Telstra wholesale staff being redeployed on or about 8 March 2013.

Extreme and ongoing weather events, including destructive winds, heavy rainfall, flash flooding and river floods have caused notable damage to the network in Queensland and New South Wales. Due to the prolonged nature of the extreme weather and extent of damage to the Telstra network, our wholesaler has redeployed staff from across Australia, as referred to in Telstra Wholesales Mass Service Disruption Notification which can be found at <http://telstra.com.au/abouttelstra/commitments/mass-service-disruption/>. A copy of this notice will also be published in the **Herald Sun on 5 June 2013**.

The iiNet Group is working closely with suppliers and wholesalers to assess and manage the impact to affected services in a timely manner. Customers in the Greater Melbourne, Central, South West, Wimmera and Mallee regions may experience service disruptions and delays to normal connection times and fault restoration due to the lengthy period of redeployment of Telstra staff from this region. The impact in the affected region has been greater than initially estimated, and as a consequence the expected date for resumption of normal service operations has been extended to **28 June 2013**. For further detail on the relevant regions see the Telstra Wholesales Mass Service Disruption Notification which can be found at <http://telstra.com.au/abouttelstra/commitments/mass-service-disruption/>

As these circumstances are outside the iiNet Group's control, iiNet is claiming an exemption under Section 21 of the Telecommunications (Customer Service Guarantee) Standard 2011 from the normal performance standards. The exemption shall apply from **8 March 2013 to 28 June 2013** inclusive. This date is indicative only; customers should anticipate that some further delays may occur.
