## Extreme Weather events impact service in Brisbane and Greater Brisbane, Southeast Coast and Darling Downs and Granite Belt Districts of Queensland.

**iiNet Group reference ID: 3006725**

The iiNet Group (iiNet Ltd, Westnet Pty Ltd, Internode Pty Ltd, AAPT Consumer Division, TransACT Capital Communications Pty Ltd and Jiva Pty Ltd) is currently working to manage the impact to its network that has occurred as a result of a series of extreme weather events in the Brisbane and Greater Brisbane, Southeast Coast and Darling Downs and Granite Belt regions of Queensland on or about Monday 6 January 2014.

Destructive winds, heavy rainfall, flash flooding and large hailstorms have caused notable damage to the network, rendering some services faulty, as referred to in Telstra Wholesales Mass Service Disruption Notification which can be found at <http://telstra.com.au/abouttelstra/commitments/mass-service-disruption/>. A copy of this notice will also be published in the **Brisbane Courier Mail on 13 January 2014**.

The iiNet Group is working closely with suppliers and wholesalers to assess and repair the damage to affected services in a timely manner. Customers in these regions may experience service disruptions and delays to normal connection times and fault restoration.

As these circumstances are outside the iiNet Group's control, iiNet is claiming an exemption under Section 21 of the Telecommunications (Customer Service Guarantee) Standard 2011 from the normal performance standards. The exemption shall apply from **7 January 2014 to 31 January 2014** inclusive. This date is indicative only; customers should anticipate that some further delays may occur.
