## Extreme Weather events impact service in Lower West and parts of Central West, South West and Great Southern Districts of Western Australia

**iiNet Group reference ID: 3808815**

As previously notified on **5 February 2015**, the iiNet Group (iiNet Ltd, Westnet Pty Ltd, AAPT Consumer Division, Internode Pty Ltd, TransACT Capital Communications Pty Ltd, Jiva Pty Ltd and Adam Internet Pty Ltd) is currently working to manage the impact to its network that has occurred as a result of a series of extreme weather events in the Lower West and parts of Central West, South West and Great Southern Districts of Western Australia on or about Wednesday 28 January 2015 through to Thursday 29 January 2015.

Damaging winds, large hailstones, heavy rainfall and flash flooding have caused notable damage to the network, rendering some services faulty, as referred to in Telstra Wholesales Mass Service Disruption Notification which can be found at <http://telstra.com.au/abouttelstra/commitments/mass-service-disruption/>. A copy of this notice will also be published in the **West Australian on 5 March 2015**.

The iiNet Group is working closely with suppliers and wholesalers to assess and repair the damage to affected services in a timely manner. Customers in these regions may experience service disruptions and delays to normal connection times and fault restoration. The impact in the affected region has been greater than initially estimated and as a consequence of the continued weather effects, the expected date for resumption of normal service operations has been extended to **29 March 2015**.

As these circumstances are outside the iiNet Group's control, iiNet is claiming an exemption under Section 21 of the Telecommunications (Customer Service Guarantee) Standard 2011 from the normal performance standards. The exemption shall apply from **30 January 2015 to 29 March 2015** inclusive. This date is indicative only; customers should anticipate that some further delays may occur.

Services in the affected location with a phone number in the following ranges may have been affected:

08 6210 0200 To 08 6258 9999	08 9201 0000 To 08 9499 9999
