The iiNet Group (iiNet Ltd, Westnet Pty Ltd, AAPT Consumer Division, Internode Pty Ltd, TransACT Capital Communications Pty Ltd, Jiva Pty Ltd and Adam Internet Pty Ltd) is currently working to manage the impact to its network that has occurred as a result of Telstra wholesale staff being redeployed on or about 27 May 2015.

Destructive and damaging winds, heavy rainfall and damaging surf have caused notable damage to the network in coastal New South Wales. Due to the extent and severity of these ongoing weather events, our wholesaler has redeployed staff from across Australia as referred to in Telstra Wholesales Mass Service Disruption Notification which can be found at <http://telstra.com.au/abouttelstra/commitments/mass-service-disruption/>. A copy of this notice will also be published in the **Melbourne Herald Sun and Sydney Daily Telegraph** on **01 June 2015**.

The iiNet Group is working closely with suppliers and wholesalers to assess and manage the impact to affected services in a timely manner. Customers in Gippsland and North East Districts and parts of the Central, North Central and Northern Country Districts of Victoria and parts of the Riverina, Central West Slopes and Plains, South West Slopes, Central Tablelands, Southern Tablelands and South Coast Districts of New South Wales may experience service disruptions and delays to normal connection times and fault restoration as Telstra wholesale staff from this region are redeployed to coastal New South Wales. For further detail on the relevant regions see the Telstra Wholesales Mass Service Disruption Notification which can be found at <http://telstra.com.au/abouttelstra/commitments/mass-service-disruption/>.

As these circumstances are outside the iiNet Group's control, iiNet is claiming an exemption under Section 21 of the Telecommunications (Customer Service Guarantee) Standard 2011 from the normal performance standards. The exemption shall apply from **27 May 2015 to 28 June 2015** inclusive. This date is indicative only; customers should anticipate that some further delays may occur.
