The iiNet Group (iiNet Ltd, Westnet Pty Ltd, AAPT Consumer Division, Internode Pty Ltd, TransACT Capital Communications Pty Ltd, Jiva Pty Ltd and Adam Internet Pty Ltd) is currently working to manage the impact to its network that has occurred as a result of a series of low pressure troughs and cold fronts in Perth and the surrounding metropolitan Perth area of Western Australia on or about Friday 19 June 2015 through to Sunday 21 June 2015.

A copy of this notice will also be published in the **West Australian** on **Friday 26 June 2015**.

The iiNet Group is working closely with suppliers and wholesalers to assess and repair the damage to affected services in a timely manner. Customers in these regions may experience service disruptions and delays to normal connection times and fault restoration.

As these circumstances are outside the iiNet Group's control, iiNet is claiming an exemption under Section 21 of the Telecommunications (Customer Service Guarantee) Standard 2011 from the normal performance standards. The exemption shall apply from **23 June 2015 to 12 July 2015** inclusive. This date is indicative only; customers should anticipate that some further delays may occur.
